

MASTACLAD™
Innovative Prefinished Solutions

You dream it.
We create it.

The revolution in Australian Prefinished Cladding Solutions is here with endless design possibilities at reduced lead time.

You dream it. *We create it.*

5 very good reasons Architects, Builders,
and Installers choose MASTACLAD.

TIME IS MONEY.

Reduce your lead time from
manufacture to installation by up
to 10 weeks through our complete
and luxury cladding systems.

UNRIVALLED DESIGN FLEXIBILITY.

We provide prototypes for your
design, make panels on short
orders, adjust tone and colour
impressions plus accommodate
last minute architectural changes.

COLOUR BEYOND GREY.

Through ECOTONE colour for life coatings we offer you endless colour possibilities from standard, bespoke, and innovative 3D finishes to make your design dream a reality.

A SUSTAINABLE & DURABLE CHOICE.

MASTACLAD is a non-combustible, hard wearing, and impact resistant cladding solution with coatings designed to withstand harsh Australian conditions.

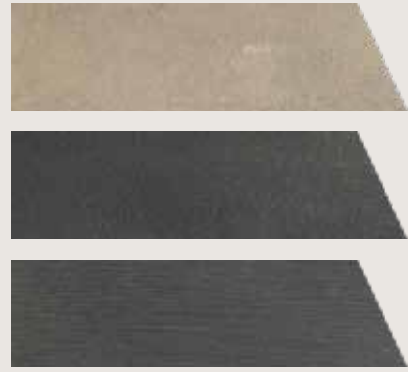

AUSTRALIAN MADE & OWNED.

No imports here. MASTACLAD is a proudly Australian company from our people to our board, colour creations, and cladding systems.

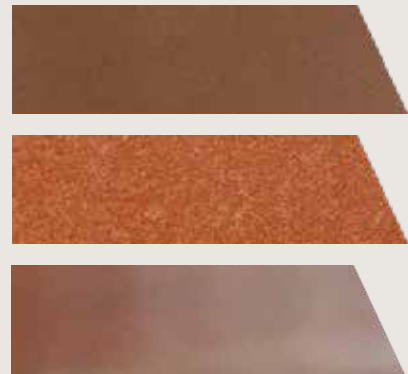

Luxury cladding systems

Crafted in
Australia with a
world of colour
possibilities right
at your doorstep.
